KOPYTOV DIGITAL

Websites and digital tools for business

Project proposal
Demonstration project

CLIENT NEED

When business needs better digital tools

Requests, information and tasks need a clear flow.

01 **Customers cannot find answers**

Information is spread across channels

02 **Requests handled manually**

Staff repeat the same steps

03 **Request status is unclear**

The team spends time checking

Project goal

Simplify customer interactions and daily team work.

SOLUTION

Built around business needs

We agree on features after discussing the project.

Landing page

Clear structure and mobile-friendly layout

Web interface

Workspace for staff or customers

Automation

Forms, Telegram bot and request handling

WORK STAGES
